** ALL EXAMINATIONS **

Remember to bring the Imaging Requisition plus your Health Care Card and photo ID.

If you are unable to keep your appointment, and need to reschedule, please phone the clinic directly. (There is no facility to look after small children). The following examinations are by appointment only. When making an appointment, please notify if patient is diabetic or pregnant.

PATIENT PREPARATION INSTRUCTIONS:

Mammography

- It is suggested that you wear a two-piece outfit so you may change into your robe more easily.
- Do not use deodorant, talcum (body powder), or lotion/oil the day of your exam.
- If you have significant premenstrual breast tenderness, you may reschedule your appointment.
- We recommend avoiding caffeine intake for 2 days prior to your mammogram to decrease discomfort during your exam.

Breast Biopsy

- It is suggested that you wear a two-piece outfit so you may change into your robe more easily.
- Do not use deodorant, talcum (body powder), or lotion/oil the day of your procedure.
- We recommended that you eat breakfast or lunch before coming for your procedure.
- Expect to be at our clinic for approximately 60-90 minutes.
- Notify the clinic of any drug or latex allergies before your procedure.
- No heavy lifting or strenuous activity for 48 hours after your procedure.
- Vacuum assisted biopsy only: If you are on blood thinners, we recommend that you check with your family physician about discontinuing your blood thinners prior to your procedure.
